**EN**  
 Serip was founded half century ago, in 1961. Now with more than 50 years of experience and in the third generation, the family-owned company continues the tradition of developing inspirational lighting produced by the hand of the finest artisans, whose acute knowledge of fine craftsmanship allows the possibility of realizing the boldest custom projects. Every piece is conceived as a lighting sculpture and is created and handmade at the Lisbon-based workshop in Portugal, resulting in a one of a kind product of uncompromising quality.  
 Serip's passion for lighting and search for design innovation provides a unique point of view in today's massified decoration market. Using precious handcrafted bronze and hand blown artistic glass, the light fixtures are appreciated for their glamour and form. Often described as 'nature-inspired works of art', unique and refined they fit seamlessly into luxury and exclusive spaces across the world whether it be classic or modern ambiances.  
 In a world focused more than ever in symmetry, standard and monotony Serip values the different, the uneven, the unique, the contrast, The Black & White!

**FR**  
 Serip a été fondé il y a un demi-siècle, en 1961. Aujourd'hui avec plus de cinquante années d'expérience et l'arrivée de la troisième génération à la tête de Serip, la société familiale poursuit la tradition de développer des luminaires organiques d'exception fabriqués de manière artisanale. Le savoir faire de nos artisans nous permet de réaliser des œuvres sur mesure pour des projets les plus audacieux. Chaque pièce est conçue avec nos plus grands soins comme une sculpture lumineuse dans nos ateliers de Lisbonne au Portugal apportant ainsi un gage de très grande qualité à nos clients.  
 La passion de Serip pour les luminaires et la recherche dans le design et l'innovation, nous permettent de nous démarquer et de nous distinguer aujourd'hui dans le marché mondial de la décoration. L'utilisation de bronze travaillé manuellement et de pâte de verre soufflé sous divers forme artistiques donnent à nos luminaires un esprit glamour et des formes originales. Souvent décrits comme des « œuvres d'art inspirées par la nature » uniques dans leur raffinement, nos luminaires s'adaptent parfaitement à tous les intérieurs exclusifs et luxueux dans des ambiances aussi bien modernes que classiques.  
 Dans un monde qui se focalise de plus en plus dans une décoration symétrique, monotone et standardisée, Serip se différencie par son exclusivité, son raffinement, et son contraste, The Black & White!

## BLACK&WHITE moments

...yin and yang, are concepts used to describe how apparently opposite or contrary forces are actually complementary, interconnected and interdependent in the natural world, and how they give rise to each other as they interrelate to one another. Many tangible dualities (such as light and dark, hot and cold, fire and water, life and death, male and female, sun and moon, BLACK&WHITE and so on are thought of as physical manifestations of this dualism...

## Defy the irreplaceable moments

Defy nature, defy reason . Defy distance, defy time and close your eyes in Petra desert . Defy the motivation, defy reason and get married in Hawaii . Defy symmetry, defy the random . Defy authority, defy the revolution . Defy what's new, defy the obsolete . Defy imagination, defy reality . Defy and be safe, defy your body and climb mount Everest . Defy science, defy your dreams . Defy and run, defy and take the bull by the horns in San Fermin . Defy at all costs, defy for nothing . Defy and take a chance, defy your wallet and buy a bottle of crystal champagne . Defy cautiously, defy and cross the line . Defy your courage, defy yourself and give a stranger a dozen red roses . Defy your mind and learn how to solve a rubik's cube, defy your probabilities .

# Think about extraordinary moments

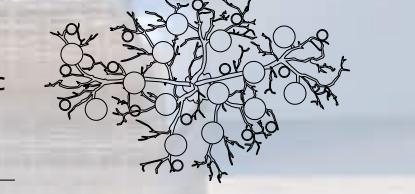

Think about routine, think beyond your wildest dreams . Think what's right, think left . Think mini, think "big in Japan" .  
Think quietly, think loudly . Think positively, think +/- . Think stylish, think kitsch . Think of tomorrow, think it's too late  
to go . Think, re-think and shark dive in the bahamas, think and just go for it . Think that" is better safe than sorry", think  
about Kissing someone in Veneze . Think about sending a message in a bottle to know where, think to call to your lover  
. Think twice and bungee jump in New Zealand, think about what you accomplished so far . Think in a trivial way, think  
about a 4 month trip around the world . Think about Staying out all night dancing, think what is the best for you . Think  
with no regrets, think about riding the Trans-Siberian Express across Asia .
